Design

The design mockup shows a dark-themed user interface for a platform called "Stack UnderFlow". The header features the platform name. On the left, there's a sidebar with navigation links: "Users", "Browse Questions", "Tags", and "Home". The main content area has a section titled "Trending Questions" with five items: "Here", "we", "will", "add", and "questions". To the right, there's a sidebar titled "Stack UnderFlow Blog" containing four placeholder entries: "Lorem ipsum dolor sit amet, consectetur adipiscing elit.", "Lorem ipsum dolor sit amet, consectetur adipiscing elit.", "Lorem ipsum dolor sit amet, consectetur adipiscing elit.", and "Lorem ipsum dolor sit amet, consectetur adipiscing elit.". A small copyright notice at the bottom of the sidebar reads "© 2022 Stack UnderFlow".
